

## Bluewater Offshore Professional Package

Package comprises of a Furuno *Navnet vx2* 10" Colour LCD Radar /Plotter Display, a GP-320B GPS antenna, a 24nm 2.2kW Multi-speed Radar Radome and a PG-500 Heading sensor to enable Radar Overlay & Heading input for the NavPilot 511 Autopilot. Also includes a FCV-585 8.4" High Definition Dual Frequency Fish Finder with a M260 High performance 50/200kHz, 1kW In-Hull Wetbox Transducer.

**JN Taylor & Co. Distributors of Quality Marine Electronics**

<p>10.4" Navnet vx2</p> 	<p><b>GD-1920C 10.4" Colour LCD Radar/Plotter c/w GP-320B GPS antenna</b></p> <ul style="list-style-type: none"> <li>• Select either C-Map NT MAX or Navionics GOLD for your preferred Digital Charts</li> <li>• Cordless remote control (standard supply) for easy access to controls</li> <li>• Optional NTSC/PAL input &amp; RGB Output available for displaying video and feeding video out</li> <li>• Optional 10-Target Autoplotter available</li> </ul>	<p>196010</p> 
<p>GD-1824C Radome</p> 	<p><b>24NM 2.2kW Multi Speed Radar Radome c/w 10M cable</b></p> <ul style="list-style-type: none"> <li>• Modest power consumption</li> <li>• Stylish, compact and lightweight units</li> </ul>	<p>192384 / 000138972</p>
<p>PG-500</p> 	<p><b>Rate Compensated Heading Sensor</b></p> <ul style="list-style-type: none"> <li>• Rapid follow-up rate (35 Degrees/sec)</li> <li>• Precise heading data for autopilot, radar, AIS, sonar and Chart Plotter</li> </ul>	<p>195195</p>
<p>FCV-585</p> 	<p><b>8.4" HD Dual Frequency Colour Digital Sounder</b></p> <ul style="list-style-type: none"> <li>• Massive 8.4" Sunlight Viewable Bright 256 Colour Display</li> <li>• Enhanced DIGITAL FILTER delivers comprehensive target detection &amp; discrimination in both shallow and deep water</li> <li>• Dual Frequency 50/200kHz</li> <li>• Powerful 600 Watt or 1kW RMS Output Power (1kW requires appropriate transducer)</li> </ul>	<p>196908</p>
<p>M-260</p> 	<p><b>526-1HD 1kW Depth M-260 (10 pin plug) c/w wet box &amp; int. diplexer</b></p> <ul style="list-style-type: none"> <li>• 50/200 kHz</li> <li>• Ultra High-performance, suits Fibreglass Hull type installations only</li> </ul>	<p>194514</p>
<p>NavPilot 511</p> 	<p><b>NavPilot 511 Autopilot complete (less Heading Sensor)</b></p> <ul style="list-style-type: none"> <li>• Intelligent "Adaptive" self learning Autopilot for continued improvement of AUTO steering</li> <li>• Versatile, high-resolution LCD allows for a variety of user-defined displays</li> <li>• One touch operation for Standby, Auto and Nav modes</li> <li>• "FishHunter" feature guides your vessel in orbit, figure eight or spiral turns</li> </ul>	<p>194662 / 000154054</p>
