

EXPLORER 500

Think compact, think efficient, but let your mind run wild about the big fish that you could land when you start exploring the coast aboard your Explorer 500. This boat is the perfect package for anglers who like to fish near to shore, bays, estuaries and big inland lakes.

While compact, the Explorer is tough and unflinching. The layout of the cockpit is clean, fresh and uncluttered to allow sure footed fishing action. Big side storage bins, ample toe holds and thigh supports that are perfectly placed- it all adds up to a boat that has been crafted by people who enjoy their fishing as much as you do.

Backed by a 7 year manufacturer's warranty, you have the flexibility to set up your Explorer 500 just the way you want it. The standard feature list is big, but the options allow you to go further and personalise your dream machine.

This is a magnificent sports fishing boat that represents exceptional value for money. Why compromise with lesser brands when you can be fishing from a genuine CruiseCraft.
