Note: all heights, lengths & widths are based on an applicable CruiseCraft trailer.

The Resort 6 is the biggest model in the CruiseCraft bow rider range. In fact it could well be dubbed the entertainer... or the skier, or angler or cruiser, such is it's flexibility.

The versatility and on-water attributes of this model are simply boundless. The term all-rounder does no justice to the Resort 6 at all, as this rig performs stunningly in each of its various guises. Such is the design excellence of the Resort 6, family boaters truly enjoy the benefits of four boats in one!

Capable of performing exceptionally with a mid range V6 outboard, the Resort 6 can also turn from mild to exhilarating with a top end outboard on the transom. With a 225hp kick in the tail, everything else on the water will be left behind in your bubbling wake.
