All New

Explorer 685

It's finally here. The wraps have come off the all new CruiseCraft Explorer 685 to give families and serious fishing enthusiasts the ultimate platform for bluewater fishing. A completely new hull and deck design has opened up an even

bigger fishing cockpit while a lockable forward cabin provides ample room for overnight accommodation. Boasting a pure CruiseCraft pedigree, the all new Explorer 685 is now the benchmark for offshore fishing trailerboats in Australia.
