

The Cruise Craft Seametre 600.

A Nichols Bros. Boat. Craftsmanship Since 1946.

Here is a boat that will change your life. A boat that will fill your weekends with the bracing, invigorating smell of salt sea air.

A boat that will fill your life with magic moments and marvellous memories.

Imagine . . . casting anchor wherever the fancy takes you, the calm, peaceful evenings with the gentle sound of water lapping at your side . . . waking to warm sunshine and the shriek of seagulls.

There's another world out there and The Seametre is just the boat to slip you into it, in maximum comfort and safety.

The Seametre is one of the most practical weekenders on the water. An honest to goodness "live-aboard" with a 2 sleeper cabin. You may also fill in the berth to make a cosy 3-some.

To really make the most of the cabin space an opening bulkhead and an enclosed toilet are available as optional extras.

Every inch of The Seametre has been carefully designed to provide maximum space for living, entertaining and storage. You'll find standard features like body hugging helmsman and passenger seats, folding side seats, a heavy duty four piece windscreen, separate anchor locker and upholstered bunks.

Whatever you're chasing . . . peace, pleasure, action or fun The Seametre is just the craft to catch it for you.

The Cruise Craft Seametre 600.
