EXPLORER 550

CRAFTSMANSHIP SINCE 1946

Please Note: Photographs and text may refer to non-standard specifications and fittings. The manufacturer reserves the right change specifications and fittings without notice.

Note optional windscreen rail.

Note optional bait cutting board and padded coamings.

Take command behind the wheel of the Explorer 550 and enjoy the hull that ensures performance in a rough chop or rolling sea. The extra beam means stability at rest or when trolling.

With a host of features that includes under floor fuel tank, large side pockets, aft bait wells, cabin storage, heavy duty fittings and a dash large enough to accommodate all your electronics and navigation equipment, this Explorer 550 is ready for action.
