EXPLORER 600

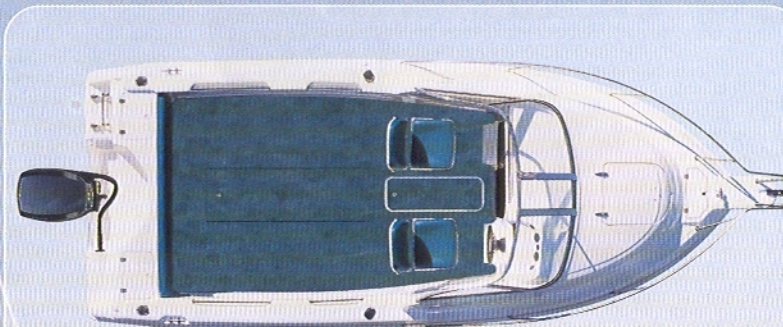

CRAFTSMANSHIP SINCE 1946

A workable cockpit area of 5.735 sq. metres, full length side pockets for storage, a dash for all your electronics and engine monitoring systems.

Optional carpet on floor, underfloor storage between seats, generous access hatch in foredeck, wide side decks for rodholders etc.

The Explorer 600 from Cruise Craft enjoys the deep, rich heritage found in all Cruise Craft's construction. Garage it, trailer it, launch it, versatility is its middle name. Fisherability is its first and last. Loads of features, tons of on-room. It's the biggest six metre ever built. This solid offshore machine goes after the fish with a vengeance, the room to keep a group of anglers grinning and a ride that treats you with respect.
